Our mission

The Wesleyan Summer Gifted Program and Academy is committed to fostering the quantitative, verbal, and social development of gifted adolescents in grades 5-12. We offer fast-paced, accelerated courses taught by Wesleyan professors who possess special interests in the education of gifted and talented students.

We focus on the integration of mathematics, physics, computer and environmental sciences with the creative arts in order to foster growth and learning in students.

Who can attend?

Any gifted or talented student in rising grades 5-12 is eligible for the Wesleyan Winter Gifted Academy. Enrollment in a school gifted program is not required.

Our Faculty

Joe Wiest - Astrophysics

Tracey DeLaney - Physics

Kim Bjorgo-Thorne - Environmental Sciences

Recreation and Campus Life

The Wesleyan Summer Gifted Academy is located on West Virginia Wesleyan College's beautiful campus. Students will reside in Fleming Hall, and when not in class, they will be afforded opportunities for group activities, games, trips to local outdoors attractions, and will have access to campus recreational and wellness facilities.

Intense academic study and fun activities will give students a holistic, enriching, and challenging experience.
