****REMINDERS****

1. Biology majors are expected to take BIOL 161, 250, 252 and 254 in sequence as prerequisites for other courses.
2. Majors must take required Chemistry courses in their freshman or sophomore year.
3. Be aware that most upper division courses are offered every other year.
4. Graduate school candidates should check entrance requirements for several graduate schools.
5. Completion of BIOL-379, 398 or 498 with a grade of C or better is required for graduation.

- Only six hours of any minor may overlap with the required credit hours of a student's chosen major.
- Except in specifically approved majors, a maximum of 52 hours in an academic discipline may count toward graduation. Three hours over the limit may count to accommodate an internship in the discipline.
- The following limits apply when counting hours applicable toward the 120 required for graduation: 4 hours of physical activity (EXSC) and 8 hours of Music ensemble.
