_____	120 semester hours required for graduation		

➤ Departmentally approved substitutes may be taken in place of certain laboratories.

➤ Students enrolled in a course for which there is a lab must also enroll in the lab or its approved substitute, except with approval of the department.

➤ Except in specifically approved majors, a maximum of 52 hours in an academic discipline may count toward graduation. Three hours over the limit may count to accommodate an internship in the discipline.

➤ The following limits apply when counting hours applicable toward the 120 required for graduation: 4 hours of physical activity (EXSC) and 8 hrs of MUSC 149.

\*Enter NA (not applicable) if waived upon admission or if completing the honors program.

➤ Only six hours of any minor may overlap with the required credit hours of a student's chosen major. The overlap constraint is not applicable to courses that majors or minors MUST take in others departments.
