To complete the FAFSA, go to www.studentaid.gov.

The FAFSA application must be renewed each year in order for you to receive federal or state financial aid (including federal Direct Loans).

Outside Scholarships and other WVWC Financial Aid

Outside scholarships are added in addition to any other financial aid that you already receive as long as the guidelines for the scholarship allow and total financial aid does not exceed your cost of attendance.

If you are awarded an outside scholarship, you should provide the Financial Aid office with a copy of the award letter for the scholarship as soon as possible. We will add the scholarship to your financial aid award, and it will show as pending on your statement of account until we receive payment from the scholarship provider.

You may view your financial aid package and your statement of accounts by clicking on the Colleague Self-service link on the main page of the [WVWC website](#).
