MATH INFORMATION SHEET

Effective for students beginning Fall 2024

Entering students must complete one course identified as satisfying the Liberal Arts Core foundational quantitative analysis requirement. Each student will be assigned to one of the categories listed below based on SAT and/or ACT math scores, completion of high school math courses, and high school GPA. Students admitted without SAT or ACT scores may be subject to departmental evaluation to determine appropriate placement.

Tier I

SAT Math 610 or above OR ACT Math 26 or above AND high school math assessment

Students placed in this category are free to enroll in calculus without any additional approval. Students may elect to take another math course to fulfill the foundational quantitative inquiry requirement.

Tier II

SAT Math 560 or above <u>OR</u> ACT Math 23 or above, <u>OR</u> Completion of MATH-110 OR MATH-115 w/C or above, <u>OR</u> Satisfactory score on the Precalculus placement exam

Students in this category are preapproved to enroll in MATH-130

Tier III

SAT Math 460 or above <u>OR</u> ACT Math 18 or above Without ACT/SAT Math scores only: High school cumulative GPA above 2.6

Students in this category are preapproved to enroll in any of the following math courses: MATH-103, Math for the Liberal Arts, MATH-115, Elementary Statistics, or MATH-110, College Algebra. NOTE: Students who are placed in this category, but feel prepared to enroll in either Precalculus or Calculus MUST complete the math evaluation prior to completing registration. Students interested in completing the evaluation should contact Professor Pam Wovchko at wovchko_p@wvwc.edu.

Tier IV

Math 450 or below <u>OR</u> ACT Math 17 or below Without ACT/SAT Math scores only: High school cumulative GPA 2.6 or below

*Students are not required to enroll as a condition of admission but are *highly recommended* to enroll in Intermediate Algebra (MATH-101).

*Students majoring in Accounting, Business Administration, Management, Marketing, Sport Business, Economics, or Computer Information Science <u>are required</u> to complete MATH-101, Intermediate Algebra as a prerequisite to enroll in BUSI-111, Principles of Accounting.

*Students majoring in Biology or Environmental Studies are highly recommended to enroll in MATH-101, Intermediate Algebra as preparation for taking BIOL-215, Biostatistics.

Tier V

Some students with scores below SAT Math 450 or ACT Math 17 are REQUIRED to enroll in MATH-101 as a condition of admission to the College.
