

Immunization Policy

West Virginia Wesleyan College, a West Virginia non-profit corporation (the “College”) has adopted the recommendations of the Centers for Disease Control (“CDC”), the Advisory Committee on Immunization Practices (“ACIP”), and the American College Health Association (“ACHA”) that all incoming students provide:

- A signed proof of vaccination; or
- A signed statement from a physician that the vaccination would be injurious to the student’s health and well-being; or
- A signed waiver indicating that the vaccination is declined for reasons of conscience or religious beliefs.

A signed waiver may not be sufficient, at the College’s sole and absolute discretion, in the event of a disaster, public health emergency, or extraordinary law enforcement emergency affecting the College.

Students who do not comply with this policy may be prohibited from:

- Attending classes;
- Participating in co-curricular events, such as athletics;
- Participating in domestic or international programs and/or other off-campus events sponsored by, or related to, the College;
- Residing in campus residence halls; and
- Other campus-related events, programs, and/or activities at the College’s sole and absolute discretion.

Specific programs, majors, or activities at the College may have additional vaccination requirements for participation therein.
